SOFT SKILLS

- Self-motivated
- Creativity
- Quick Learner
- Team oriented
- Critical Thinking
- Leadership

EDUCATION

HORIZON CAMPUS

- BIT (Hons) in Network and Mobile Computing – (2021 present)

DEBARAWEWA CENTRAL COLLEGE

- GCE Advance Level (2020)

CERTIFICATION

- Create a Supermarket app using Java OOP - Coursera (2024)
- Data Structures & Backend with Java-Coursera (2025)
- Real World Projects with Java 11Mind Luster (2024)
- Python Programming - UST (2024)

PROJECTS

- **WORKCONNECT LK – FULL STACK JOB PORTAL** | <https://workconnect.senalridmila.me>
 - Developed a MERN stack marketplace featuring Socket.io real-time chat and secure Google/Email authentication.
 - Managed production deployment by containerizing the application with Docker and hosting it on an AWS EC2 instance.
- **AYURVEDA WELLNESS APP – FINAL YEAR PROJECT** | <https://github.com/SenalRidmila/ayurveda>
 - Built a cross-platform app using React Native, integrating Google Gemini API for AI symptom analysis and Firebase for doctor booking.
 - Developed a Next.js admin dashboard with automated EmailJS notifications and i18next multi-language support.

- **CAR RENTAL MANAGEMENT SYSTEM— 2ND YEAR PROJECT** | <https://github.com/SenalRidmila/Car>
 - Developed a full-stack Java Swing desktop application utilizing MVC architecture to manage fleet inventory and rentals.
 - Utilized JDBC with PreparedStatements for secure MySQL database connectivity and real-time data binding.
 - **BELLORA CLOTHS** | <https://bellora.senalridmila.me>
 - Architected a full-stack Next.js 16 e-commerce platform using TypeScript, Prisma ORM, MongoDB, and NextAuth.js.
 - Implemented a comprehensive product catalog, custom clothing requests, and a role-protected admin dashboard.
 - **LUMIÈRE – MODERN SALON WEB APP** | <https://l.senalridmila.me>
 - Created a responsive luxury salon website leveraging Next.js 16, React 19, TypeScript, and Tailwind CSS v4.
 - Delivered a seamless user experience with appointment booking, custom animations, and automated image optimization (AVIF/WebP).
